

PRICE AND SERVICES LIST

Services for Estonian companies in Finland

01-01-2023

The cost of the basic accounting package for Estonian companies working in Finland is based on:

- ✓ The number of postings (i.e the number of documents, banking transactions, employees);
- ✓ Specific nature of the company's activities;
- ✓ Time spent on studying documents supporting economic transactions;

The cost of the basic package includes a specified number of postings and payroll accounting for a specified number of employees.
